

# Product Specification Summary

## siRNA:RNA Interference

Catalog Number 27-6412-20  
Product Name Human Vimentin custom siRNA duplex; 20 nmols  
Size 20 nmols  
Description Human Vimentin siRNA; NM\_003380 unlabeled

A negative control should also be included when performing siRNA experiments to eliminate the possibility of nonspecific silencing effects. For this purpose, Gene Link provides a siRNA sequence that has been shown to have no effect on gene silencing. The negative control siRNA is also available labeled with fluorescein, which allows transfection efficiency to be tracked by fluorescent microscopy.
