

# Product Specification Summary

## siRNA:RNA Interference

Catalog Number	SIRNA-ANNEALING
Product Name	siRNA-Annealing
Size	1
Description	siRNA-Annealing
Component/Note	RNA & SmartBase™ siRNA Resuspension, Annealing, Handling and Storage
Component/Note	RNA & SmartBase siRNA: Resuspension, Annealing, Handling and Storage

Gene Link supplies all RNA and siRNA oligos in a dried state and either annealed as duplex or single stranded as requested. These are DNase-RNase free and all steps in synthesis and processing are DNase-RNase free. The exact nmols supplied is indicated on the Certificate of Analysis and the label on the tube. These can be requested as reconstituted at the desired concentration and choice of buffers. Email Gene Link at [support@genelink.com](mailto:support@genelink.com) for any special requirements.
